- **PRESHAPE IN KNEE:** The body that moves needs shaping that works. Preshape in the knee allows for a natural, comfortable range of motion for runners in motion.
- **REFLECTIVITY:** So you want to run in the dark. Work goes late and you just can't get out for your daily 5km before the sun goes down. You need to be seen with reflective details in the garment.
- **SECURE SWEATPROOF POCKET:** These are the best way to carry valuables and keep them dry and safe. Sweat is an electronic's nightmare, and losing a key or money is a runner's nightmare. Avoid both with the secure sweatproof pockets.
